

FbF[®] DonorBankSAFE

Part of the FbF[®] Demographica Identity Suite

Keep Specimens, Samples, and Donors Safe

Match your donors with their specimens and their records with 100% certainty with FbF[®] DonorBankSAFE's biometrically-enabled donor management software. Perfect for

- blood banks
- plasma banks
- sperm and egg donor banks
- breast milk banks

Once enrolled with a personal biometric, this unique characteristic can't be lost, loaned, or forgotten. This way donor banks can absolutely know that on return visits the donor is exactly who he or she claims to be, avoiding catastrophic results—from fraud to infection to death, as well as the business risks of lawsuits, lost business, and government penalties.

Features

- Identify donors with finger biometrics, facial biometrics, and/or a unique PIN
- Print Labels for vials and specimen containers
- Automatically print forms with donor's merged data
- Track if donor is current with physicals
- Data import and exporting capabilities
- Customizable information fields
- Popup notes for special instructions, warnings or messages
- Emails and text messages upon donor check-in

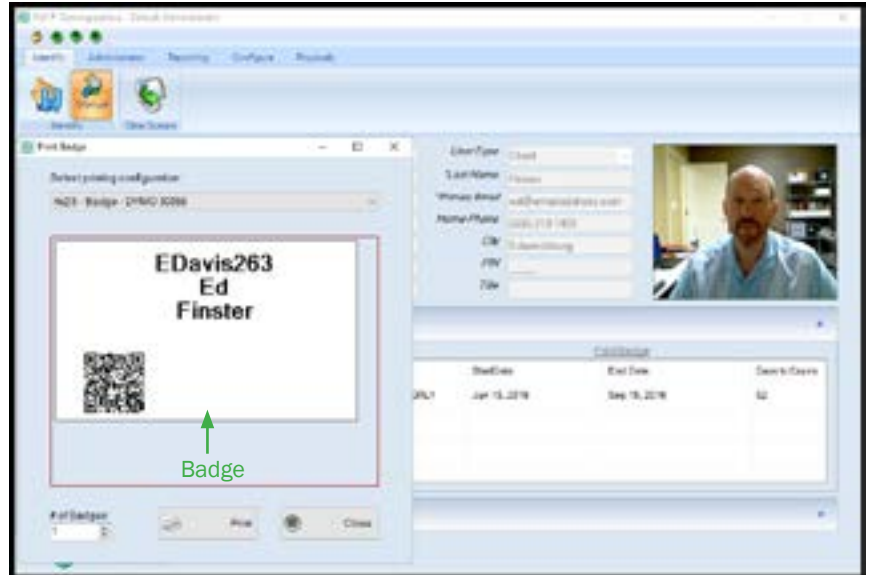

The FbF[®] **Demographica Identity Suite** is a collection of basic identity management applications that allow organizations to verify the identities of its constituents (clients, employees, visitors, donors, etc.)

Easily configured and operated, Demographica uses biometric technology to quickly and accurately match the people enrolled in your database(s) as they access your facilities or services, making your business S.A.F.E. (**Secure Accurate Fast Economical**).

Benefits

- Eliminate multiple donor identities in your system
- Cash drawer tracking and reconciliation
- Speed up the check-in process
- Meet compliance and regulatory requirements
- Ensure donor eligibility
- Easily track donor visit history
- Improve internal communication and customer service

Minimum Technical Requirements

| | |
|-------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------|
| Operating System | All versions of Windows 7 and higher, both 32 & 64 bit |
| Processor | Intel i3 or AMD Turion II recommended. Lesser performing processors are acceptable, but may lead to performance degradation |
| Memory | 2 GB minimum, 4 GB recommended |
| Hard Disk | 300 MB available hard disk space minimum, 500 MB suggested to allow for database growth |
| Display | 1280 x 720 minimum resolution |
| USB | Requires up to 3 available USB ports for fingerprint scanner, biometric dongle and 2D Barcode Scanner |
| Network | Requires an internet connection for installing the latest windows updates and windows installers. Enterprise version requires network capability |
| Software | Adobe Reader and Current Windows Updates Recommended – Latest Service Packs Required |
| Hardware | USB 2D Barcode Reader capable of reading QR Code and PDF417 barcode formats (If applicable) |
