

FbF[®] LiveScan

High-performance tenprint (flats and rolls) Live Scan System
with Suprema RealScan-F Live Scan

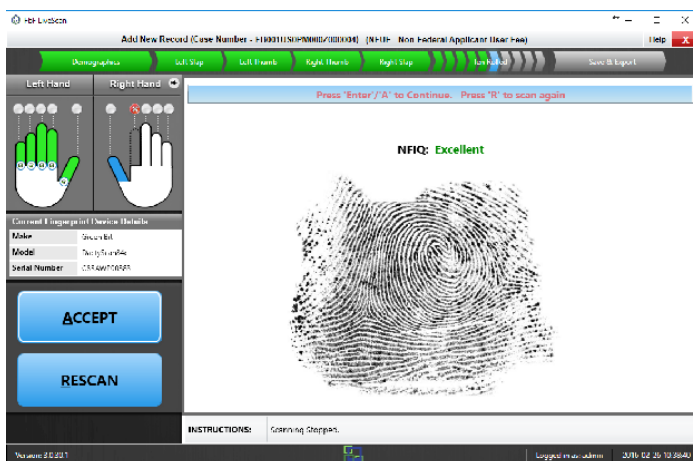

Are you a government agency, government contractor or fingerprinting business that is facing immediate or near future DOD/FBI requirements to submit fingerprints electronically for background checking?

If so, FbF LiveScan may be the solution you are looking for. FbF Live Scan is an affordable live scan hardware and software solution that was developed using the most recent FBI EBTIS 9.3 specifications and is an FBI IAFIS Approved Product. FbF LiveScan is designed for collection and submission of fingerprint images used for both Civil and Criminal purposes and may be used with the FBI IAFIS as well as the Department of Defense SWFT program. It is designed to meet a wide variety of use cases, while providing the highest value for your budgetary dollars. This solution is ideally suited for:

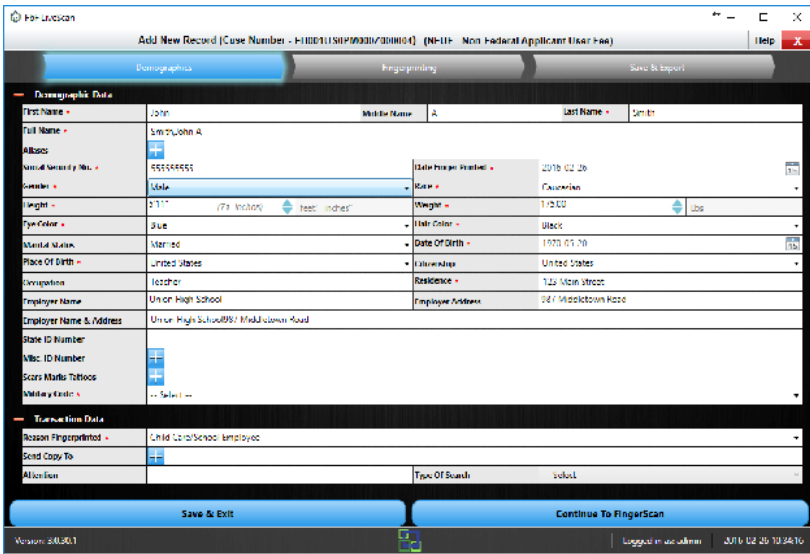

- Civil Enrollment and ID
- Criminal Enrollment and ID
- Applicant Background Checks
- National Voter Registration and ID

Key Benefits

- FBI certified and SWFT approved
- Unbeaten image quality for a variety of environments and image capture conditions
- Customizable administration screen
- Compatible with other FbF components which make up an entire multibiometric ABIS system
- Affordable pricing
- FBI/NIST standards compliant
- Interoperable
