

# Crossmatch Verifier 300

## Single Fingerprint Module

### Description

The Crossmatch Verifier 300 LC 2.0 is a single fingerprint capture device that delivers accurate and reliable results for identification, verification, and registration programs. Verifier products have been deployed around the world in a wide array of customer applications including border and port entry/exit control, national ID and registration programs, as well as child ID programs and physical and logical access control projects.

The Verifier 300 LC 2.0 is available with USB 2.0 connectivity and the scanner's compact size makes it easy to integrate into existing applications. A kiosk-ready

version is available to further simplify integration. The Verifier 300 LC 2.0 provides high quality fingerprint images while maintaining sub-pixel geometric accuracy.
