

Rapid ID Mobile

Credence ID Credence-3™

Credence-3™ is an economical next generation biometric identity platform with the features of 2.0GHz quad-core Single Board Computer (SBC) with 4GB-RAM 16GB-eMMC. An integrated FAP 30 FIPS-201 FBI-certified 500 DPI fingerprint sensor with LES film, and a 13 MP camera make Credence-3™ an intuitive and elegant combination of biometrics and mobility.

 TXDPS Certified

**Searches State Fingerprint
Databases and the
Repository for Individuals
of Special Concern (RISC)**

5 minute response time

Rapid ID Mobile ID supports mobile identification searches using from two to ten fingerprints for comparison against:

- Known Persons in the state AFIS databases
- Wanted Persons (including the Immigration Violator File)
- National Sexual Offender Registry Subjects
- Known or appropriately Suspected Terrorists
- Other Persons of Special Interest

Hit responses are received within minutes with the Master Name, the FBI Number, and limited NCIC information with the ability to request rap sheets. State AFIS may send a rap sheet and photo if available.
